THE COLOR AND LIGHT SOCIETY

The Color and Light Society of Southern Maryland is a group of visual artists from Calvert, St. Mary's and Charles County who are dedicated to artistic development and the creation of original works of art. We welcome any fine artist interested in contributing to this mission. We hope to provide an ongoing opportunity for growth and development through education, critiques, interaction with other art groups, and the community. The Color and Light Society's goal is to foster community involvement in the arts and provide a venue for showing and selling original art to the public.

REQUIREMENTS FOR MEMBERSHIP

Members attend meetings and programs as scheduled, especially the general membership meetings. Members are expected to promote, volunteer, and contribute to the well-being of the organization which, in turn, will enhance art appreciation in the community. Associate membership dues are \$30. All new members start out as associates. Full membership dues are \$70 and allows the member to participate in art shows in the community. Participation in the show schedule is at the pleasure of the artist provided he/she meet Show Ready Committee criteria.
